ABSTRACT

***“In eCommerce
your price has to
better because
the consumer
has to take a
leap of faith in
your product”***

***“by Aadesh
Bagmar”***

The idea in brief

College Bazzar provides a simple solution to the complications involved in selling,buying,,trading,discussing,organizing and meeting people near you.

Technology Used

- 1.Android
- 2.CloudDataBase Parse.com

Highlights and Novelty

It includes a register tab where a new user has to fill his details including username,password ,emailid and contact number.

In the second activity the user can filter items according to his needs.

To sell an item user has to fill the form mentioning the details of the product to be sold.
